

APA Style CENTRAL® Accounts

When using APA Style CENTRAL, you need an account in order to:

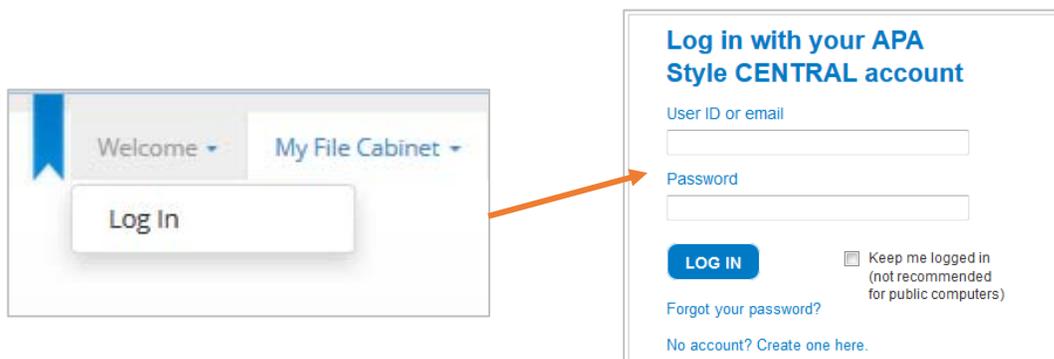

- Write, save, and collaborate on papers;
- Create and add references to your papers and save them in your personal library; and
- Use the Research Lab Book tools.

You have three options: log in with an existing APA account, create a new account, or use your Google login. Be sure to use the same method every time, so that all your papers and references are stored in the same account.

Option 1: Use an Existing APA Account

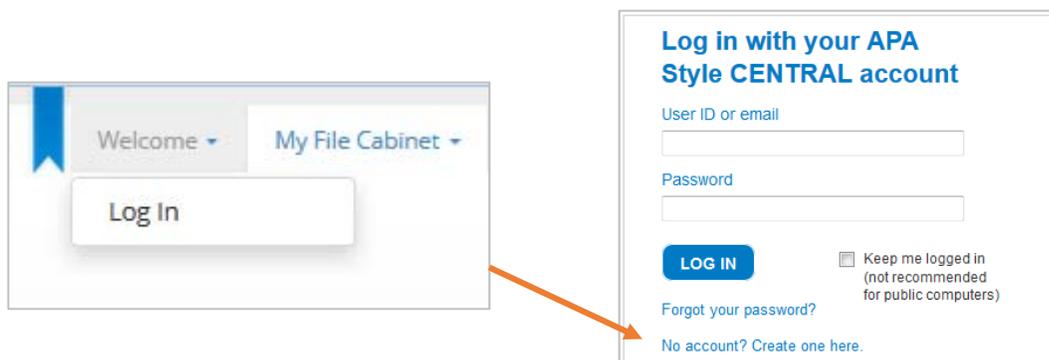

Any existing account you have with the American Psychological Association (APA) will work with APA Style CENTRAL. This includes **My APA** and **APA PsycNET® / My PsycNET** accounts.

At the top right of the screen, click **Welcome** and then **Log In**. Enter your User ID or email address, and your password.

Option 2: Create a New Account (or Check for an Existing Account)

At the top right of the screen, click **Welcome** and then **Log In**. Click **No account? Create one here**.

Continued on page 2

To create a new account, complete the form and click **Sign Up**.

Fill out the forms below to register.

SIGN UP Cancel

To check for an existing account, enter the email address you may have used to sign up (try more than one).

If you already have an account using that email address, a message will appear asking you to use it to log in or reset the password.

Option 3: Use a Google Login

You can use your Google Login to create an account to use with APA Style CENTRAL. If you will

- write, save, and collaborate on papers;
- add references to your papers and save them in your personal library; and
- access all areas of the Research and Writing centers.

Or log in with

frequently need to log in from off campus, we recommend that you establish an account directly with APA. **Google accounts do not work well with APA Style CENTRAL from off campus.**

When you initially connect your Google login with APA Style CENTRAL, you must be physically on campus.

To log in when you are on campus, click the Google logo.

To log in when you are not on campus, you cannot click the Google logo. You must enter your Gmail address and password in the login boxes. (Note that Google does not update APA Style CENTRAL when you change your password. You will need to enter the Google password you were using at the time you established the connection with APA Style CENTRAL.)

If you often work remotely, we recommend that you establish an account directly with APA by following the instructions above.
